

AAMRO AVIATION NEWSLETTER

NINTH EDITION : NOVEMBER 2025

RAISING THE BAR IN FLIGHT TRAINING

Aviation is an industry built on trust — trust in systems, training, judgement, and people. Every successful pilot, regardless of where their career eventually leads, is shaped by the standards instilled during their earliest days of training.

As demand for pilots continues to grow worldwide, the importance of how pilots are trained has never mattered more. Speed alone does not create professionals. Consistency, discipline, and an uncompromising commitment to safety do.

Lakshay Garg
Director - Global Corporate Affairs

At Aamro Aviation, we believe that excellence in flight training begins on the ground. It starts with structured programs, well-maintained aircraft, modern avionics, and instructors who set clear expectations from day one. These elements form the foundation on which confident, capable aviators are built.

Equally important is access to industry-leading aircraft and technology. Training in modern, well-equipped airplanes prepares students for real-world operations and instills habits that carry forward throughout their careers. When paired with high standards and experienced mentorship, the result is training that is both efficient and enduring.

The path to becoming a pilot is demanding by design — and that is what makes it meaningful. At Aamro Aviation, we remain committed to raising the bar in flight training, ensuring every student who earns their wings does so with confidence, competence, and pride.

“Because the future of aviation depends not just on more pilots — but better-prepared ones. ”

SUCCESS STORIES: CELEBRATING OUR LATEST ACHIEVEMENTS

At Aamro Aviation, we celebrate the remarkable achievements of our students who successfully cleared their checkrides this month.

COMMERCIAL MULTI-ENGINE INSTRUCTOR

Congratulations to Ashnel Antoine on passing
your Commercial Multi-engine checkride!

COMMERCIAL PILOT

Congratulations to Cam VanNatta on passing
your Commercial Multi-engine checkride!

INSTRUMENT RATING

Congratulations to Garrison Kepley on passing your Instrument Rating checkride!

PRIVATE PILOT

Congratulations to Natalie Linford on passing her Private Pilot checkride!

Congratulations to Layden Pruitt on passing his Private Pilot checkride!

PRIVATE PILOT

Congratulations to Daniel on passing his Private Pilot checkride!

PRIVATE PILOT

Congratulations to Gavin Snowhite on passing his Private Pilot checkride!

Congratulations to Andrew on passing his Private Pilot checkride!

CERTIFIED FLIGHT INSTRUCTOR

Congratulation to Noah Polter on passing his CFI checkride

CERTIFIED FLIGHT INSTRUCTOR INSTRUMENT

Congrats to Landon Sytsema on passing his CFII checkride today!

FIRST SOLO ACHIEVEMENT

Congratulations to Yayha on completing his first solo!

FIRST SOLO ACHIEVEMENT

Congratulations to Kai on completing his first solo!

FIRST SOLO ACHIEVEMENT

Congratulations to Cedric Yearwood on completing his first solo!

TESTIMONIALS

“ What started as just a discovery flight turned into a full-on passion! I earned my Private Pilot License here and am now working toward my Instrument Rating. The instructors are amazing, the aircraft are top-notch, and having two locations makes scheduling super convenient. Couldn't have asked for a better flight school! **”**

-- Diana Ratevosian

“ Greatest experience with a Flight School in south Florida, staff extremely helpful and informative. If you have ever wondered if flying is for you I would book a discovery flight. **”**

-- Cody Johnson

CREW CORNER

-Noah Harder

My time at Aamro has been rewarding from the very start. Right from my first safety meeting, the team welcomed me like family, making it easy to feel at home in this tight-knit group.

As a flight instructor, one of the biggest standout features has been the company's unwavering commitment to aircraft maintenance. It's refreshing to work in an environment where safety is prioritized at every level, ensuring the planes we fly daily are held to the highest standards.

I've also been fortunate to collaborate with a group of instructors who are down-to-earth, ego-free, and truly focused on elevating the team as a whole. That kind of supportive culture has played a huge role in my own growth as an instructor.

It's refreshing to work in an environment where safety is prioritized at every level

About the Author

My passion for aviation began at a young age, sparked by the memorable days when my dad would take my brothers and me to his work. We had the unique opportunity to sit in a Sikorsky helicopter, which ignited my fascination with flight.

Fourteen years later, I came across a flyer offering free introductory flights. I called the number, and that first flight changed everything for me. I realized then that flying was the coolest thing in the world. After discussing it with my mom, I made the decision to move to Florida to pursue my dream of becoming a pilot.

Looking back, that choice has been the best decision of my life. Each day as a Flight Instructor brings new challenges and rewards, and I'm excited to share my journey with others who share this passion.

What really distinguishes Aamro from other flight schools is the hands-on approach from management—whether it's rigorous safety protocols for our aircraft, clear procedures to keep everyone compliant and protected, or just the overall emphasis on doing things right. Plus the view of South Florida is unmatched!

NEWS UPDATE

Aamro Aviation Takes Flight at the 2025 Stuart Airshow!

What an incredible weekend at the 2025 Stuart Airshow! Our team had a fantastic time connecting with the South Florida aviation community and sharing our passion for flight with thousands of enthusiastic visitors.

The Stuart Airshow once again proved to be one of the region's premier aviation events, drawing crowds eager to witness breathtaking aerial displays and explore the world of general aviation. From vintage warbirds to modern aerobatic performances, the skies came alive with the sights and sounds that make us all love flying.

Our Aamro Aviation booth was buzzing with activity throughout the event! We had the pleasure of meeting aspiring pilots, sharing stories with seasoned aviators, and introducing countless families to the exciting possibilities of flight training. Our experienced CFIs were on hand to answer questions about training programs and career pathways in aviation. We're already looking forward to the 2026 Stuart Airshow. See you in the skies!

CELEBRATING OUR NOVEMBER BIRTHDAY CREW

This month we're celebrating our fantastic team members who made another trip around the sun! Join us in wishing a very happy birthday to:

Asami Tang | Reese Gallagher

Here's to another year of excellence and dedication!

AVIATION QUIZ

From cockpit to clouds - let's see if you're ready to take flight!

1. What does "CTAF" stand for?

- a) Common Traffic Advisory Frequency
- b) Controlled Tower Airfield Frequency
